PROJECTS

[Mini Golf Score Tracker](#)

- Shipped a full-stack multiplayer score tracking app to the iOS App Store and the web, supporting live rounds with real-time scoring and course management, by building a Flask REST API with 15 endpoints and a React frontend
- Achieved 99.9% uptime with zero unauthorized access incidents across all protected routes, by implementing JWT authentication, PBKDF2-HMAC password hashing, and HttpOnly cookie sessions
- Enabled real-time score entry and automated winner calculation across 7 interactive views, by designing reusable React components with client-side state management

[Chick-Fil-A Foothill Ranch Website](#)

- Expanded catering and job application reach for a restaurant serving thousands of guests weekly, by launching a public website (<https://cfafoothill.com/>) covering events, recruiting, and location information
- Streamlined internal operations for 50+ employees by building a centralized team portal ([Team Portal](#)) that handles time punch adjustments, sick pay requests, leadership applications, and career development tracking

WORK EXPERIENCE

Chick-Fil-A

Foothill Ranch, CA

Director

Jun. 2024 – Present

- Raised customer satisfaction from 59% to 74% in two years as measured by corporate CEM scores, by designing targeted service initiatives and leading weekly leader coaching sessions for a team of 40+ employees
- Maintained peak-hour throughput while meeting labor cost targets, by building weekly schedules for 40+ employees around forecasted customer demand
- Developed future leadership pipeline resulting in promotion-ready team members as measured by internal advancement opportunities, by establishing mentorship framework and providing hands-on coaching to junior shift leads and trainers
- Strengthened hiring quality as measured by improved new hire retention, by conducting structured behavioral interviews and developing evaluation criteria aligned with operational needs
- Built a promotion-ready leadership pipeline as measured by internal advancements, by establishing a mentorship framework and coaching junior shift leads and trainers

Shift Lead

Jun. 2023 – June 2024

- Strengthened hiring quality as measured by improved new hire retention and performance, by conducting structured behavioral interviews and developing evaluation criteria with company culture and operational needs

Team Member

Mar. 2022 – May 2023

- Delivered exceptional customer service as measured by consistent positive guest feedback, by proactively addressing guest needs and creating personalized “moments of care” during high-volume service periods
